While other merchant account providers try to convince you to lease or rent a credit card terminal and force you to sign a "non-cancellable" lease, we believe in providing you with FREE to use terminal. We are in the business of providing credit card processing services; we are not in the business of making money from leasing equipment.

Some restrictions apply. Free terminal make and model is subject to change based on availability and "end of life" cycles for equipment. Requires merchant account contract and terminal placement agreement stating you will return the terminal or be charged.
